

## Air Associates of Kansas

### Cessna 182 – G1000 Transition Training

The Cessna 182, combined with the G1000, is an advanced aircraft with state of the art technology and leading edge capabilities. To insure you are able to safely maximize all of the aircrafts' capabilities, we are offering a combined ground and flight check-out consisting of:

<b>VFR Checkout</b>	
<b>Ground lesson #1</b> <b>Overview of C-182 G1000 equipment components and systems</b>	<b>2 hours</b>
<b>Flight lesson #1</b> - <b>C182 high performance checkout</b> - <b>Basic G1000 functions</b>	<b>2 hrs flight</b> <b>1 hr ground</b>
<b>Ground lesson #2</b> - <b>Advanced G1000 and KAP140 operations</b> - <b>Aircraft systems</b> - <b>Equipment emergencies</b>	<b>2 hours</b>
<b>Flight lesson #2</b> - <b>Flight plan and navigation function</b> - <b>Emergency procedures</b>	<b>2 hrs flight</b> <b>1 hr ground</b>
<b>IFR Checkout</b>	
<b>Ground school and flight</b>	<b>2 hrs ground</b> <b>2 hrs flight</b>

### What does a checkout cost?

The checkout is thorough and consists of both classroom and flight training – but that's because we want you to be able to use all of the systems' capabilities. For your convenience, we are offering two ways to get checked out. Do it as a single pilot, on your schedule, or join one of our scheduled classes (call us for class times and availability). A single price covers all of your aircraft rental, ground and flight instruction, classroom tuition and course materials.

	Single Pilot	Join a Scheduled Class and Save \$200
VFR	\$1,200	\$1,000
IFR	\$ 540	\$ 540

Checkouts are fixed price, pre-paid and non-refundable. Pricing does not include sales tax. Additional flying or instruction over and above course outline will be charged at posted aircraft and instructor rates.
